

NovaTech Solutions

Comprehensive Customer Policy & Terms of Service

Customer Service & Operations Division

Effective Date: January 2026

1 Overview & Customer Support Operations

Welcome to NovaTech Solutions. Our automated voice assistant, Nova, works alongside our human support team to provide 24/7 customer service. This policy document governs all purchases, order modifications, returns, warranties, and service level agreements.

2 Order Management & Status Inquiries

1. **Order Status Inquiries:** Customers may check the status of any order by providing their numeric Order ID to Nova or a support agent.
2. **Processing Orders:** Orders in the *Processing* state can be cancelled or updated directly over the phone or via voice assistant.
3. **Shipped Orders:** Once an order status transitions to *Shipped*, it cannot be cancelled or modified over the phone. Customers must wait for delivery and initiate a return.
4. **Address Changes:** Shipping addresses can only be updated while the order is in *Order Placed* or *Processing* status.

3 Returns, Refunds & Replacement Policy

1. **30-Day Money-Back Guarantee:** All physical products and software licenses purchased from NovaTech come with a 30-day full refund guarantee from the date of delivery.
2. **Return Eligibility:** To qualify for a refund, items must be in original packaging. Proof of purchase or Order ID is required.
3. **Damaged or Defective Items:** If a package arrives crushed, damaged, or with missing components, NovaTech provides a free replacement with priority shipping upon reporting.
4. **Non-Refundable Items:** Digital download keys that have been activated or customized items are non-refundable after 30 days.

4 Technical Support & Operating Hours

1. **Human Support Hours:** Our human technical support agents are available Monday through Friday, 9:00 AM to 5:00 PM EST.
2. **Automated Voice Agent:** Nova AI is available 24/7 for order tracking, cancellations, address updates, and damage reports.

3. **Manager Escalations:** If a customer issue cannot be resolved by Nova or requires human intervention, an urgent support ticket is logged with a guaranteed 1-hour callback window during support hours.

5 Software Upgrades & Licensing Terms

1. **Premium Tier Upgrades:** All Premium Tier subscribers receive lifetime free upgrades to all major software updates.
2. **Basic Tier Upgrades:** Basic Tier users may upgrade to the latest major software release for a flat upgrade fee of \$15.

6 Security & Account Privacy

1. **Password Security:** NovaTech does not store plain-text passwords. All credentials are encrypted using industry-standard hashing.
2. **Manual Resets Disallowed:** Support agents and Nova AI cannot manually view or reset passwords over the phone. Customers must use the self-service password reset portal on the official website.
